

“My Student Account is revolutionising the way parents pay for a wide range of items at PLC. Instead of sending in cash or cheques, parents simply go online or call the 1300 recharge service to deposit money using their credit card or B-Pay facility. Our students love the convenience of paying with their ID card and staff are reporting a reduction in management overheads and an increase in sales. If you’re looking to increase your revenues and reduce management overheads then look no further, this is definitely the way to go”.

Greg Anderson,

Bursar, Presbyterian Ladies College, Sydney

“We love the accountability, ease of use and time saving our new smart card system provides. We’ve introduced a very successful healthy eating program where we have seen an increase in sales and the younger students in particular find using their ID card so much easier and faster than cash, just swipe an go! No fiddling with money and loose change. There’s absolutely no going back, students are happy, parents love it and the school wants more”.

Karen Lindsay,

P&C Vice President,
Talara Primary College, Queensland

CASE STUDY

Cash-free schools, healthy canteens and... accountability

Imagine the benefits of:

- A cash-free school environment
- Increased canteen revenue and profit margins
- No more small change... parents simply pre-order and pay online
- Streamlined accounting for your canteen, uniform store, copy and print, bookings and more
- The ability to encourage and reward children to make healthier eating choices
- All Internet and phone deposits, electronically banked to your school... in advance
- Reduced risks associated with food related allergies, schoolyard bullying and theft

My Student Account is a totally secure, exciting and innovative tool that encourages healthier eating habits and cash-free payments for everyday school services. To find out how this product could benefit your school, regardless of size, please go to: www.mystudentaccount.com.au and register your interest.
