MANAGEMENT SKILLS IN 2007  
WITH A PLC SYDNEY CASHLESS  
STUDENT ACCOUNT.

## GO CASHLESS AND SAVE

These accounts will be attached to PLC Sydney Student Identification (ID) cards, and will work like a pre-paid mobile phone or direct debit bankcard. This will allow you – the parent – to control the amount of money accessible to your daughter at any given time.

We understand that parents want to keep track of how their children are spending these funds. That is why we allow you to go online and view your daughter's purchases. This allows parents to have a degree of control over where the money is being spent, and helps provide guidance on appropriate spending behaviour. The PLC Sydney Student Account will help keep parents connected and involved in their daughter's college activities.

The speed and growth of electronic and online transactions is surpassing cash and cheques, but it has also led to an alarming rate of debt in recent times. We believe the PLC Sydney Student Account will teach your daughter valuable budgeting skills in order to avoid debt in later life. By educating your daughter about the value of saving and budgeting with the PLC Sydney Student Account, you will be making an important investment in their economic future.

The PLC Sydney Student Account is convenient, easy to use, and gives you control over your daughter's college spending habits. Parents can deposit funds into the Student Account using their home or work PC, over the phone, or at the PLC Sydney School Shop. With these funds your daughter can pay for everyday college services and materials within the daily spending limit you set.
